

Working with the.....

HEALTHCARE SECTOR

- A specialist service from Russam GMS

Change is endemic in the Healthcare Sector. There has probably never been a period when there has been so much change in clinical technique and practice, such rapid and continual scientific advance and pressure on NHS organisations. Keeping up with up with best practice is a constant challenge.

The Role of the Interim Manager;

Interim Management from Russam GMS can provide our Health Sector Clients (NHS entities, Private Companies, and Voluntary Sector Organisations alike) with cost effective dependable implementation, services in areas diverse as:

- Implementing Patient choice and Payment by Results
- Project managing the foundation trust application process
- Service reconfiguration
- The re-engineering of mailing list management systems
- The setting up of Diagnostic Treatment Centres.
- Providing more accurate, detailed and timely information referrals, waiting list and patient flows
- Embedding the disciplines inherent in applying & monitoring new systems.

Although NHS experience may be vital for some roles it is by no means generally required. Indeed much of the change currently taking place is about bringing in commercial disciplines and approaches on the one hand and about engaging more effectively with the NHS on the other

Why choose Russam GMS?

- We visit you to ensure that we fully understand your needs. We contribute to the brief and we understand the growing pressure to implant relevant commercial practice in NHS organisations.
- We can find professionals with skills and business backgrounds from outside the sector who can integrate and operate successfully.
- We keep in touch during an assignment and our Terms of Business are flexible to meet particular needs.
- We have executives on our database with substantial NHS experience.

Meeting your Needs

With six offices in the UK, we have national coverage. Our sector-leading database and ability to search more widely allows us to source the right interim executives for you from anywhere in the UK. We submit our shortlists within five days. All assignments we undertake are handled jointly by our Practice Chairman and an experienced Russam GMS Principal to ensure that we deliver what has been agreed, at the right price and within the agreed timescale.
