Russam GMS Ltd is an Interim Management provider with over 28 years experience in the Interim market and a founder member of the Interim Management Association. We have a specialist local government division, which is committed to providing high quality Interim Managers in all areas of senior management. These executives come with track records of quantifiable achievement with local authorities.

It is reassuring to know that you can rely on the support of an organisation that clearly understands the key issues facing local authorities to deliver in an effective and efficient manner. We currently have more interim managers on assignment in local government than any other provider, supporting change and transformation programmes, these include:

- **Bristol City Council**
- **Manchester City Council**
- **Slough Borough Council**
- **Essex County Council**
- **Hampshire County Council**
- **Salisbury District Council**
- **Bedfordshire County Council**
- **East Cheshire County Council**
- **Royal Borough of Kensington & Chelsea**
- **Northamptonshire County Council**

Perhaps you may recognise areas within your own Council, which may benefit from the expertise that a heavyweight Interim Manager will bring. It is a cost effective solution as you only pay for the time that you need, which can be part time or full time. You also avoid the costs of permanent recruitment and employment. We pride ourselves on our quick response; we provide you with qualified CV's within 5 days of receipt of job brief.

We have the resources available to support initiatives in all of these key areas with Interim Management professionals who will fit in with the existing teams and accelerate the pace of change.
